

Benefits of MACA Regular Membership

- Convenient/affordable/specific-to-issues educational seminars led by trained, experienced collection industry professionals. The Mid-Atlantic Unit hosts numerous sessions per year, including seminars required for collectors certification.
- Two-for-one enrollment in the ACA International Essential Collector Skills and Techniques Seminar and FDCPA Seminar. MACA pays for the additional enrollment whenever MACA hosts the seminar, and a second individual from the member agency signs up.
- Proactive, legislative knowledge and insight to impact changes in state laws and regulations. Currently, MACA is proactive at the grassroots level in an effort to educate its members in developing and maintaining a meaningful dialog with legislators.
- Periodic news blasts containing news, links, and other resources important to your operation.
- MACA has an up-to-date web site which will be host to news and links affecting your industry.
- Complimentary listing of your firm on our web site linked to the top search engines.
- *Northeast Debt Collection Conference & Expo* —the annual, multi-state convention held in conjunction with the Mid-Atlantic, New England, New Jersey, and New York Units of ACA, and attended by your peers from 11 states. This one is jam-packed with industry speakers, vendors and education!
- Networking opportunities are available to build business relationships and establish a personal network of people with whom you can discuss business trends, ideas, problems and concerns.
- Access: Both our executive office and elected board members are available to direct you to numerous resources within the MACA/ACA network.
- In conjunction with ACA, thorough, complete approach to risk management for the collection industry that include well-packaged and priced insurance and bonding programs for members.

We urge you to take advantage of this opportunity to be join with nearly 150 members that hold membership in the Mid-Atlantic Collectors Association, and ACA International.
